The weather turned off a little cool last week and of course it is getting time for that to happen. The beauty of it all for us is that Thursday was the first cool day and it was also wife Heddy's planned day to stay home from the newspaper office. This meant she was available to cook us some good groceries! We ate homemade vegetable soup for lunch - and then came supper. We sat down to a plate of pork chops, fresh turnips and combread. Take that and a bottle of pepper sauce and it was almost like being in heaven to us. Naturally we ate too much, but considering the weather was perfect for such and the food very good, we forgive ourself for overeating.

We started watching the Alabama-Tennessee football game on the tube Saturday. At half time we were repairing a dripping bathroom faucet and naturally it took us longer than planned. By the time we got back to the ballgame, there had been two more Alabama touchdowns made and we decided they didn't need us anymore. We left town to do some newspaper work and in our piddling around missed the FSU and Auburn game. Apparently we should have been watching that game and helping Auburn, because they came up on the short end of the stick. But then FSU followers appear to be happy with the results.

California is a beautiful place. None of us can argue with than, until we look at the damage caused by the recent earthquake. We hear folks making fun of the South, comparing it to the "great life in California;" but we will be content with our terrible life here. We ain't ready to get hit by an earthquake, nor are we ready to sit and worry about when the next one will come. Our heart goes out to those who lost loved ones in the quake last Tuesday and we feel for those whose homes were destroyed and are living in tents this week in the rain and cold that moved in this past weekend.

Miami's federal judge Alcee Hastings was ousted from office by the U. S. Senate after that body voted overwhelmingly to convict him of plotting to take a bribe. Now Hastings is planning to run for Governor of Florida! Now we know that politicians are accused of being crooks and all that, but surely the voters of Florida will refuse to take serious the candidacy of a man already convicted of taking bribes!

We wonder how many folks buying the Florida lottery tickets will do as the man in New York. He had purchased one of the New York lotto tickets on October 22, 1988, put it in his cookie jar at home and forgot all about it. Last week he saw a sign in the deli where he had purchased the ticket and noticed a sign urging folks to check their old tickets because there was a big winner outstanding. Well he scratched around in that ol' cookie jar and sure enough he had a winner worth \$1.3 million! This was only four days before the jackpot would have reverted back to the state.

We are still on the paying side of the social security deal but have heard rejoicing from our friends who are already getting that monthly brown envelope with the government check. The 4.7 percent increase will get one person about \$25 more per month and a retired couple as much as \$43. Of course this means us working folks will probably pretty soon be hit with another increase to pay the cost, but then we can just hope there will be money left when we get to that point ourselves.

The abortion issue just will not go away. The decision by President Bush to veto the bill allowing Medicaid to pay for abortions for victims of rape or incest is considered a setback by advocates of abortion rights. This is an issue that will be with us for a long time yet, as leaders on both sides become more proficient at promoting their side. We need to maintain our cool however and not let this, or any other single issue, be all-consuming on us to the point we can't think straight nor have our friends avoiding us because of our obsession.

# The New Maximum Advantage™

Gives you an advantage if rates go up.

And holds the line if rates go down.

 ${\it W}$ ith SouthTrust's new Maximum Advantage CD, you'll have an advantage no matter what happens to interest rates in the next year. You can draw the line with a competitive floor rate that won't go down during the 12-month term of your deposit.

Your rate may vary above the line, but it won't go lower. Rates are recalculated 4 times a year, indexed to the coupon equivalent of 13-week T-Bills as published in The Wall Street Journal. If our rate goes up, yours could too. If our rate goes down, you won't earn less than your floor rate. Guaranteed.

Add-on option. Your opening deposit can be as low as \$2,500. And you may make additional deposits of \$500 or more any time (up to a total of \$100,000 excluding interest), to really maximize your advantages.

Automatic renewal at maturity. At renewal you'll receive a new floor rate. But if your renewal is between recalculation dates, and if the most recently recalculated rate is higher, you'll earn the higher rate until the next recalculation date. Come in and let your SouthTrust Banker explain all the benefits of our new Maximum Advantage CD. (Ask about the IRA version, too.) The biggest disadvantage would be missing out on it.

> Current Floor Rate: 7.25% Floor Rate with Silver Service Bonus 7.50% These rates available only at SouthTrust Bank of Coffee County branches.

Substantial interest and/or tax penalty for early withdrawal. Silver Service bonus applies only to the guaranteed floor rate. Recalculations on first banking day of Nov., Feb., May & Aug.

While working on the queen's float one Wednesday night, students were videotaped telling what they remember about attending Elba schools and what they hope to be doing in 10 years. Then during the week of dress-up days - recess, lunch, homecoming parade, and senior class times were taped. This tape will be added to throughout the year on special days, in school and out. We hope to watch this tape at our clas reunions years from now and remember how things were. The name of the video is "1990 - The Year In Review." We've enjoyed making the tape and hope to continue it on graduation night.

### THE PRESSBOX

BY RICKY MULARZ

Last week's cold snap didn't last long, but it hang around long enough for the Mularz clan to find those electric blankets and get the pilot lights lit on the heaters. I told someone that I knew cool weather went hand-in-hand with football, but Friday more cold cold than just my hands. Oh well, maybe if the Tigers keep winning I'll get a chance to buy some gloves!

### TIGERS SUFFER SECOND LOSS OF SEASON IN ANDALUSIA

The Elba Tigers tasted defeat for the second time this season Friday night when they traveled to Andalusia and fell victim to a fired up gang of Andalusia Bulldogs. Andalusia entered the game with a 6-2 record, but the record was thought to be deceiving due to the fact that included in the wins were such teams as J.F. Shields, McIntosh and Choctaw County. The Bulldogs may not have worked up a sweat in the easy wins, but make no mistake about it, Friday night the Bulldogs looked like a very good football team and deserved the win!

Elba's offense made it look easy on its first possession as on the second play of the game Reggie Horstead took a pitch and raced 70 yards for a touchdown. Maybe it looked too easy! The offense moved the ball on every possession, but made little mistakes that kept the Tigers out of the endzone for the entire second half and seemed a little out of sync late in the game when the clock was winding down and the offense was on the move. Despite the loss and the failure to score any points in the second half, the Tiger offense showed it could move the ball against any kind of defense, no matter what the class, and I guess the spirit and desire shown late in the game when time was running out proved that the Tigers have that winning spirit and the dedication and pride to never give up. Maybe there was a sil-

Over on defense, the Tigers were pushed around in the middle and Andalusia seemed to control the line of scrimmage for most of the game. Andalusia's big line and hard running backs just kept pounding away at the Elba defense and had success running wide, a place that nobody else found anything but misery. The defense did come up with some big plays and fought tooth and nail until the final horn, but Friday night it was simply outmanned at the line. The Tiger defense has long been a source of pride and has been a strength throughout the season against such powerful teams as Pike County, Opp and Luverne. So, you know the defense got its pride hurt Friday night and will come back even more determined than

Last week's cold snap didn't last long, but it hang around long enough for the Mularz clan to find those electric blankets and get the pilot lights lit on the heaters. THE PRESSBOX

### TIGERS SUFFER SECOND LOSS OF SEASON IN ANDALUSIA

The Elba Tigers tasted defeat for the second time this season Friday night when they traveled to Andalusia and fell victim to a fired up gang of Andalusia Bulldogs. Andalusia entered the game with a 6-2 record, but the record was thought to be deceiving due to the fact that included in the wins were such teams as J.F. Shields, McIntosh and Choctaw County, The Bulldogs may not have worked up a sweat in the easy wins, but make no mistake about it, Friday night the Bulldogs looked like a very good football team and deserved the win!

Elba's offense made it look easy on its first possession as on the second play of the game Reggie Horstead took a pitch and raced 70 yards for a touchdown. Maybe it looked too easy! The offense moved the ball on every possession, but made little mistakes that kept the Tigers out of the endzone for the entire second half and seemed a little out of sync late in the game when the clock was winding down and the offense was on the move. Despite the loss and the failure to score any points in the second half, the Tiger offense showed it could move the ball against any kind of defense, no matter what the class, and I guess the spirit and desire shown late in the game when time was running out proved that the Tigers have that winning spirit and the dedication and pride to never give up. Maybe there was a sil-

Over on defense, the Tigers were pushed around in the middle and Andalusia seemed to control the line of scrimmage for most of the game. Andalusia's big line and hard running backs just kept pounding away at the Elba defense and had success running wide, a place that nobody else found anything but misery. The defense did come up with some big plays and fought tooth and nail until the final horn, but Friday night it was simply outmanned at the line. The Tiger defense has long been a source of pride and has been a strength throughout the season against such powerful teams as Pike County, Opp and Luverne. So, you know the defense got its pride hurt Friday night and will come back even more determined than

I never think a loss does anyone any good and if you show me a good loser I'll show you a loser. However, the loss Friday night may prove to be a character builder for the Tigers and may provide just the spark the Tigers need going into the playoffs. Let's all travel to Daleville Friday night and let the Tigers know we're all behind them all the way and that we still believe!!!!

Mrs. Brooks said, "I worked in the fields, am a retired midwife and I am a housewife. I've helped raise all my grandchildren. Life has been good to me and Brooks and I give God the praise!"

**CUBIDEAN BROOKS** 

J.C. BROOKS

The night Grover and I visited Mr. and Mrs. Brooks and Jeanette was a night I'll always cherish. It was raining, but that didn't dampen the friendly welcome and conversation. And of all things, Mrs. Cubidean was shelling peanuts - for her

own use - not for planting! After visiting for a while in their beautiful home, Mr. Brooks invited us out to the store. The gas pumps are gone, the shelves in the store are bare. I remember all the groceries, candy, ice cream, sodas, and other staples that were in the store the wood heater, refrigrators, everything - gone. The kids in the community will still wait for the school bus out front but something will be missing. The "grown-ups" will miss the chairs and benches inside and outside the store where they would' sit, talk, and have a good time. You have served the public well Mr. Brooks. You didn't just start sharing and giving - because you and Mrs. Cubidean were born dedicators from the start!

I remember your favorite song: "Lord, Give Me Just a Little More Time." So, look up, thank God and \*\*\*Mr. and Mrs. Jeff Watson (Christine ) and daughter Jessie of Panama City, Fla., formerly of Elba, were at the Mt. Calvary M.B.
